The Hotel facility has a multipurpose unit suitable for workshops, seminars, meetings etc. It has projectors to facilitate such activities. The multi-purpose unit has capacity to comfortably fit about 60 participants at a time.

“The unit is very good but small. The management should create something spacious in future” says an excited client.

CORPORATE SOCIAL RESPONSIBILITY:

The establishment also focuses on helping the disadvantaged and less privileged. It is highly likely that the establishment would assist the Blind with the view that they are not able to see the development thereof:
