BRIEF BACKGROUND.

Prior to the introduction of New Hormisdallen School Establishment; we proudly recognize the efforts put in place by the government of the Republic of Uganda

to create the Private Schools and Institutions department that was inaugurated in 2008, consequent to the restructuring of the Ministry of Education and Sports to cater for the vibrant and ever expanding private investments in education.

Since the government of Uganda decision in 1993 to liberalize the Education Sector, thousands of school and Institutions have been set up by Private investors to provide educational services.

New Hormisdallen Day and Boarding Primary School was established on the one part and New Hormisdallen Nursery Section on the other hand. We take the privilege to provide brief information about the New Hormisdallen School Establishments herein under.

She advocates self reliance strategy and seek for durable solutions through pocket friendly educational services.

On the other hand, a combination of high demand for early childhood development facilities and limited supply of such facilities in Uganda 2005, low levels of literacy, good government policies and rapidly changing technology-driven world empowered the vision bearer(s) to commit hard earned financial resources and scarce quality time towards the formation and establishment of New Hormisdallen Day & Boarding Primary School Limited on the **24th day of May 2005**. The vision bearer cum Managing Director, **Ms. Nalubowa Deborah** was warmly joined by a team of vibrant Directors to share resources and meaningful focus on development matters.

The Directors of New Hormisdallen Day & Boarding Primary School Limited are: **Ms. Nalubowa Deborah, Ms. Katasi Annette, Mr. Ssewanyana Ivan, Mr. Masembe Andrew** and **Ms. Kyolaba Agnes**.

New Hormisdallen school establishments rank high among most vibrant educational facilities in Africa; where privately owned Initiatives and Non-government organizations struggle to sustain growth and development.

Negative forces such as high rental fees, employment related cases, rampant loss of focus, have arguably pushed most initiatives to stagnation and or non-performance.

However, New Hormisdallen Day & Boarding Primary School establishment has transformed many challenges into praiseworthy development opportunities.
