UGANDAN INNOVATION FOR GLOBAL BENEFIT

FEED BACK

Dear Seven-Eleven,

I write to appreciate this wonderful publication with a cross cutting message to the Ugandan audience. I am only wondering how more copies can be supplied to us. To be honest with you, the few copies we received here in Kisaasi, Kampala caused us conflict fight and scramble.

God bless you for this work.

Herbert - 0783 452 925

I have failed to come to terms with this wonderful work I am seeing. We were led to believe that our Anti-AIDS poetic Campaigner was no more, i.e. He died long time ago. Now I am disturbed especially after seeing this wonderful work he has exhibited to the nation and the world. May God bless your hands and mind. I have nothing to offer you but prayers, you are a torch to the young ones.

The Anti HIV/AIDS Anthem

has been brought timely and rightly to Paidha Demonstration School by the Composer who within no time has taught and the children were sharp enough to get the Anthem. We do accept that the Anti AIDS Anthem will have an impact on the teachers, children and communities around us and have a change of behavior in their future.

We highly commend Mr. Patrick Donald Oucha's work where he presented an Anti-AIDS Campaign. The students have been chanced to receive a dose of your message. As a young generation, they really need many people of your type so that they grow when they are aware of the dangers AIDS poses to them. I hope the message has been taken and you have done your part as a nationalist. Thank you very much Patrick!!!
