Rev. Mugwanga Luvumu David,
Headteacher

Uganda Revenue Authority (URA) has donated some essential Science Laboratory Equipment to boost the teaching of science subjects at Kirinya Church of Uganda Secondary School.

The items were delivered by a team of 21 URA officials led by Mrs. Diana Kisaka, Assistant Commissioner – Finance, URA Kampala main office. The team was privileged to interface with some teachers and students of Kirinya Church of Uganda Secondary School on 10th September 2019.

“The school community appreciates the support rendered by Uganda Revenue Authority, through its corporate social responsibility initiatives,” states Rev. Mugwanga Luvumu David, the Headteacher.

Kirinya Church of Uganda Secondary School has a Science Laboratory designed to propel quality educational programs and encourage young learners to develop interest in science subjects.

However, the facility is yet to acquire and /or procure other essential equipment. “Uganda Revenue Authority donated items on our priority list “explains Rev. Mugwanga Luvumu David, the Headteacher.

Meanwhile, Kirinya Church of Uganda Secondary School was privileged to receive 14 classroom desks courtesy of Kira Municipal Council in Wakiso District. “We also appreciate the support rendered by Kira Municipality. They donated 14 desks recently” explains Rev. Mugwanga Luvumu David

Meanwhile, a wave of excitement is gradually taking shape as the school community meets prominent establishments in Uganda. “Our school is now in the public domain; the gate is open to interface with other players”, explains Rev. Mugwanga Luvumu David.

URA Officials Photographed with a Section of Students, Teachers and School Management Team.

URA Officials get ready to hand over the items
