

Deposed Gen. al-Bashir(online image)

## OUCHA

Suggests SUDAN should set  
Gen. Omar Hassan al-Bashir  
FREE

in the name of DURABLE  
PEACE, ONENESS, FORGIVENESS  
MERCY, POLITICAL MATURITY &  
NATIONAL RECONCILIATORY  
INITIATIVES.

- The ability to forgive a political leader for leadership mistakes is arguably one of the most powerful strengths Nation States fail to display in the interest of Durable Peace.
- Political leaders should not be pinned down by critical reviews of weaknesses in the absence of his/her good performance and admirable Strengths.
- An Harmonised Reviews of Leadership strengths and weaknesses would create harmony and set troubled Leaders; FREE, INTERACTIVE but NON POLITICAL in thier new Lease of Life.
