

Late Colonel, Muammar Mohamed Gaddafi (RIP, June, 07-1942 - Oct. 20-2011)

The Burial of Late Gaddafi at a secret Desert location was a preventable mistake with potential to damage the image of Libya and the continent AFRICA for the next 500 years and beyond. A swift review of the same could change the trend.RIP

OUCHA

Suggests LIBYA should REVIEW the Burial yard of former Leader; Late Muammar Mohamed Abu Minyar Gaddafi (RIP, June 07-1942-Oct 20-2011)

BURIAL REVIEWS

- Should be performed in the timely interest of PEACEFUL CO-EXISTANCE, DURABLE PEACE, ONENESS, POLITICAL MATURITY AND NATIONAL RECONCILIATORY INITIATIVES.
- Secret Burial of a well established political Leader keeps his/her Image powerfully ALIVE in the MINDS & HEARTS of followers and beyond.
- MARKED GRAVE within a VISIBLE Burial site under restricted access would realistically streamline PEACE in the HEARTS & MINDS of many. With time his memory could be reduced or limited to classroom text books and research facilities only.
- We must appreciate; No leader is COMPLETE without strengths and weaknesses. Therefore, every leader deserves Mercy, Forgiveness and realistic treatment when he/she falls short of RIGHTEOUSNESS. *Published 29th June 2020*
